LENZIE COMMUNITY COUNCIL

minutes of meeting held on Wednesday 19th November 2014
in Lenzie Upper Hall

		ACTION
8.1	Sanctuary Housing and Cruden are building affordable homes at Woodilee and had notified the Secretary via the website of a Community Project scheme whereby trades employed by Cruden could be made available for projects that would benefit the community. The scheme would also include materials. Sanctuary essentially wished to be put in touch with voluntary organisations in Lenzie that could have such projects. This information had been circulated to members and there had been suggestions. Contact information for six organisations had been supplied to Sanctuary and a further three organisations were suggested at the meeting, which will be followed up.	TG

10.1	Transport Workshop – Chairman and Secretary had attended a workshop organised by consultants on behalf of East Dunbartonshire Council. A wide range of involved organisations was represented, eg SPT, First Bus, Transport Scotland, Road Haulage, Strathclyde Cycle Campaign, Railfutures etc. Various suggestions had been made concerning transport developments and the purpose of the workshop was to discuss these further and prioritise them. Information gathered in 2010 concerning on-street parking round Lenzie Station has now been contributed to the study by the Secretary among other contributions on the day. (Post meeting note - the Transport consultant's report has since been received and has been circulated to members. This shows the details of the consultation issues.)	
10.2	Licensing Board – LCC has been notified that Lenzie Rugby Football Club has applied for various extensions to their alcohol licence, involving outdoor areas and other aspects. This has been circulated and there were no adverse comments.
